This information is being provided by the Board of Regents (“Board”) of the Texas Tech University System (“University System”) in compliance with the contractual undertaking (“Undertaking”) to provide annual reports of financial information and operating data, as required by Rule 15c2-12 (“Rule”) of the Securities and Exchange Commission, regarding each issue of the Board’s outstanding Parity Obligations issued since 1996 (“Issues”).

This Annual Report contains financial information and operating data with respect to the University System. Information in this Annual Report has been compiled from the University System’s records and other sources which are believed by the Board to be reliable. This report is provided in satisfaction of the Board’s Undertaking, and contains information prescribed by the Rule. The Board does not make any warranty concerning the usefulness of such information to a decision to invest in, hold, or sell bonds, notes, or other obligations payable, in whole or in part, from the sources pledged for the payment of the Issues. Information agreed to be provided by the Board may be reported in full text herein, or may be incorporated by reference to certain other publicly available documents. The Board is required by the Undertaking to provide information annually by a date not more than 180 days following the close of its fiscal year, for as long as any of the Issues are outstanding.

## **General Overview**

The Texas Tech University System is composed of a central administrative agency, the Texas Tech University System Administration, and four component institutions – Texas Tech University, Texas Tech University Health Sciences Center, and Angelo State University, and Texas Tech University Health Sciences Center at El Paso. These four separate academic institutions are governed by the ten-member Board of Regents. The Regents are appointed by the Governor of the State of Texas to six-year terms with the exception of a student Regent who is appointed to a one-year term. The Chancellor is the chief executive officer of the System and is appointed by, and reports directly to, the Board of Regents. The Chancellor is supported by the Texas Tech University System Administration.

The Texas Tech University System employs more than 17,000 faculty and staff. The annual combined budget of the System is approximately \$1.57 billion. Approximately \$445 million of these funds are appropriated by the Texas Legislature and about \$170 million in research expenditures annually. The total enrollment across all components is more than 44,000 students.

The Texas Tech University System is committed to providing the highest quality and most efficient resources and services to its components. Throughout all institutions and centers, the University System strives to increase accessibility, enhance instruction and infrastructure formula funding, provide necessary financial aid, produce and commercialize new technologies, strengthen academic quality and reputation, advance research, improve productivity and efficiency, and further the quality and availability of health care for all Texans.

Texas Tech University, based in Lubbock, Texas, was established in 1923 as Texas Technological College. The University is one of the state’s largest major comprehensive universities in terms of square miles. Over 33,000 students enroll annually, coming from 49 states and more than 117 foreign countries. These students choose from among 152 undergraduate, 107 masters, and 64 doctoral programs through ten different colleges, School of Law and the Graduate School. The University also hosts over 60 research centers and institutions. The University has limited educational facilities located in the Texas cities of Junction, Fredericksburg, Marble Falls, and in Seville, Spain. Since 1996, Texas Tech University is a charter member of the Big 12 Conference with sixteen NCAA Division I competing varsity sports.

Texas Tech University Health Sciences Center (“TTUHSC”) has an enrollment of over 4,500 students in its five schools of Medicine, Nursing, School of Allied Health Sciences, Pharmacy and Biomedical Sciences. The Lubbock campus serves as the administrative hub for the Health Sciences Center, with regional campuses located in Abilene, Amarillo, the Permian Basin (Odessa/Midland), and the Dallas/Fort Worth metroplex. Once a regional campus, TTUHSC at El Paso is now a separate component institution of the University System. See below.

The Texas Tech Physician Associates (“TTPA”), a non-profit medical practice comprised of faculty and staff from the Texas Tech University Health Sciences Center, serves more than 250,000 patients annually in 108-county area stretching from Texas Panhandle south to the Permian Basin and west into New Mexico. TTPA provides a direct teaching base for the students enrolled at TTUHSC with clinics.

Since 1989, TTUHSC provided medical services to the Texas State Prisons. In 1993, TTUHSC formally partnered with the Texas Department of Criminal Justice (“TDCJ”) and the University of Texas Medical Branch (“UTMB”) at Galveston in providing comprehensive correctional managed health care services to more than 32,000 adult offenders in Texas state prisons. TTUHSC serves the prisons located in West Texas where as UTMB serves East Texas. Full funding for these services is appropriated bi-annually through the State Legislature Budget process. These services from TTUHSC are accredited by the American Correctional Association (ACA).

Angelo State University, based in San Angelo, was established in 1928 as San Angelo College; in 1965 new legislation was passed to create Angelo State College. ASU’s campus covers more than 268 acres and enrolls approximately 7,000 students from 210 of Texas’ 254 counties, 41 other states, and 22 countries. The Texas Legislature (80th Regular Session) passed House Bill 3564 and pursuant to the statute, the governance, control, management and property of Angelo State University were transferred from the Texas State University System to the Texas Tech University System, effective September 1, 2007.

Texas Tech University Health Sciences Center at El Paso, historically structured as a regional campus under the Texas Tech University Health Sciences Center, received authorization May 18<sup>th</sup> 2013 when Gov. Rick Perry signed Senate Bill 120 making TTUHSC at El Paso the fourth component institution effective immediately. Existing since 1973, the campus has grown significantly to serve the El Paso community through education, research and patient care. Programs include the Paul L. Foster School of Medicine, Gayle Greve Hunt School of Nursing and Graduate School of Biomedicine where students receive a comprehensive, practical education preparing them for the health care field. El Paso, the fourth most populous city in the state of Texas and nineteenth in the US, is a medical hub of West Texas and Southern New Mexico. The region has been federally designated as a medically underserved area.

Accreditation The institutions, agencies, and services comprising the University System are members of the following professional associations and accredited by those which apply accreditation standards: Commission on Colleges of the Southern Association of Colleges and Schools; National Commission on Accrediting; Association of Texas Colleges and Universities; American Council on Education; Association of American Colleges; American Association of State Colleges and Universities, Council on Higher Education; Association of Urban Universities; National Association of State Universities and Land-Grant Colleges; and Liaison Committee on Medical Education.

## **Pledged Revenues**

As outlined in the Master Resolution, Parity Obligations are secured by Pledged Revenues of the University System's Revenue Financing System. The Pledged Revenues consist of Revenue Funds and lawfully available (unappropriated) reserve and fund balances with certain exceptions. Revenue Funds are defined in Section 55.01 of the Texas Education Code as revenues, incomes, receipts, rentals, rates, charges, fees, grants, and tuition levied or collected from any public or private source by an institution of higher education, including interest or other income from those funds.

Set forth below is the information relating to the University System's Pledged Revenues for the last five fiscal years.

### **Texas Tech University System Pledged Revenues**

	<b>2009</b>	<b>2010</b>	<b>2011</b>	<b>Restated 2012</b>	<b>2013</b>
Available Pledged Revenues Not Including Fund Balances	\$ 523,830,973	\$ 576,009,311	\$ 606,785,300	\$ 690,725,360	\$ 681,302,392
Pledgeable Unappropriated Funds and Reserve Balances	234,036,451	221,182,551	255,912,878	315,040,391	386,871,974
Total Pledged Revenues	<u>\$ 757,867,424</u>	<u>\$ 797,191,862</u>	<u>\$ 862,698,178</u>	<u>\$ 1,005,765,751</u>	<u>\$ 1,068,174,366</u>

1. Excludes State appropriations for the reimbursement of debt service on certain Tuition Revenue Bonds of the University System.
2. In addition to current year Pledged Revenues, any unappropriated or reserve fund balances remaining at year-end are available for payment of the subsequent year's debt service. In addition, historically, the Board has set aside certain reserve fund balances for specified University System purposes ("quasi-endowment balances"). Although such quasi-endowment balances may be available for debt service on Parity Obligations if the need arises, the University System has not included such balances in the calculation of Pledged Revenues. As of August 31, 2013, the quasi-endowment balances have a fair market value of \$135.9 million.

## **Outstanding Obligations**

As of August 31, 2013, the University System had the following Parity Obligations:

The two aforementioned tables include all Angelo State University debt that has been issued as part of the University System Revenue Financing System. Prior to September 1, 2007, Angelo State was under the Texas State University System umbrella. The University System is in agreement with Texas State System on which portion of Angelo State's debt outstanding is considered Texas State System's obligation and Angelo State is to continue to make payments.

Set forth below is the debt schedule for Angelo State's portion of Texas State University System Revenue Financing System.

## **Financial Statements**

The University System is an agency of the State and its financial records reflect compliance with applicable State statutes and regulations. The fiscal year of the State and the University System begins on September 1 of each year. Annually, an unaudited financial report dated as of August 31, is prepared for the University System no later than November 20 and then delivered to the Governor and the State Comptroller of Public Accounts. The State in turn issues an audited Comprehensive Annual Financial Report (CAFR), prepared in accordance with generally accepted accounting principles, encompassing all activities generally considered part of the State. The State Auditor's Office annually audits the general-purpose activities of the State and contracts with an outside firm to audit certain portions in compliance with federal audit procedures. Both the State Auditor and contracted auditing firm each express an opinion of the CAFR. However, neither the State Auditor nor the contracted auditing firm express opinions on the financial reports of individual agencies and/or member units, including the University System. Therefore, no independent audit of the University System is required.

**Selected Financial Information**

**Tuition Revenue Bonds** A portion of the Parity Obligations of the University System constitute Tuition Revenue Bonds (defined in Chapter 55 of the Texas Education Code). Tuition Revenue Bonds issued by the University System carry no additional pledge or security and constitute Parity Obligations of the University System which are equally and ratably secured by and payable from a pledge of and lien on Pledged Revenues on parity with all other Parity Obligations of the University System. The State Legislature has appropriated funds to reimburse the University System in prior years in an amount equal to all or a portion of the debt service on the University System's Tuition Revenue Bonds.

The University System can provide no assurances with respect to any future appropriations by the State Legislature. Future levels of State appropriations are dependent upon the ability and willingness of the State Legislature to make appropriations to the University System taking into consideration the availability of financial resources and other potential uses of such resources.

Set forth below reflects the Tuition Revenue Bond Appropriations in the past 2012-13 and the current 2014-15 biennium of the State Budget.

## Tuition and Fees

Each component institution that grants degrees charges tuition and fees as set by the State Legislature and the Board under Chapters 54 and 55 of the Texas Education Code. Tuition charges are comprised of “State Mandated Tuition” and “Board Designated Tuition.” Mandatory fees comprise charges of certain activities and services utilized by all students. Each component institution charges various types of fees and in various amounts.

Any changes in tuition or fees will originate and be recommended by the President of the component institution, reviewed by the Chancellor and approved by the Board. Any changes in tuition will be implemented only after thorough consultation and review.

NOTE: A fixed international student fee of \$75 is charged to all non-immigrant visa students for each term in which they enroll in the University System. Total tuition and fees includes amounts required to be set aside for financial assistance in accordance with applicable provisions of the Texas Education Code. The set-aside amounts are calculated as follows: from State Mandated Tuition not less than 15% nor more than 20% of each resident student's tuition charge and 3% of each non-resident student's tuition charge is set aside for Texas Public Education Grants (Section 56.033); \$2 for each semester hour for which a doctoral student is enrolled is set aside for the Doctoral Loan Incentive Program (Section 56.095); from Board Designated Tuition no less than 20% charged to resident undergraduate students in excess of \$46 per semester hour (Section 56.011) and no less than 15% charged to resident graduate students in excess of \$46 per semester hour is set aside for financial assistance (Section 56.012). Of the set-aside from Board Designated Tuition for resident undergraduate students, 5% charged to resident undergraduate students in excess of \$46 per semester hour is deposited in the State Treasury into the Texas B-On-Time Loan Program (Section 56.465). In addition, 15% of Board Designated Tuition charged to non-resident students in excess of \$46 per semester hour is set aside to provide financial assistance for non-resident students.

NOTE: A fixed international student fee of \$50 is charged to all non-immigrant visa students for each term in which they enroll in the University System. Total tuition and fees includes amounts required to be set aside for financial assistance in accordance with applicable provisions of the Texas Education Code. The set-aside amounts are calculated as follows: from State Mandated Tuition not less than 15% nor more than 20% of each resident student's tuition charge and 3% of each non-resident student's tuition charge is set aside for Texas Public Education Grants (Section 56.033); \$2 for each semester hour for which a doctoral student is enrolled is set aside for the Doctoral Loan Incentive Program (Section 56.095); from Board Designated Tuition no less than 20% charged to resident undergraduate students in excess of \$46 per semester hour (Section 56.011) and no less than 15% charged to resident graduate students in excess of \$46 per semester hour is set aside for financial assistance (Section 56.012). Of the set-aside from Board Designated Tuition for resident undergraduate students, 5% charged to resident undergraduate students in excess of \$46 per semester hour is deposited in the State Treasury into the Texas B-On-Time Loan Program (Section 56.465). In addition, 15% of Board Designated Tuition charged to non-resident students in excess of \$46 per semester hour is set aside to provide financial assistance for non-resident students.

Investment Programs and Policies. To facilitate the investment of the University System funds, the Board has created two separate investment pools designated as the Short/Intermediate Term Investment Fund (the “SITIF”) and the Long-Term Investment Fund (the “LTIF”), which are governed overall by Regents’ Rules Chapter 09 “Investments, Endowments, and Income Producing Lands”, and individually by the Investment Policy Statement of each pool, codified as Board Policy Statements. Additionally, the University System also has certain funds that are held in the State Treasury and invested by the Comptroller.

Set forth below is the market value for each of the funds managed by the Board as of the end of the most recent five Fiscal Years.

The Short/Intermediate Term Investment Fund. The SITIF is a short/intermediate term pooled investment fund created by the Board for the collective investment of institutional funds of the University System. Except for endowment funds (and certain eligible institutional funds treated as endowments), all institutional funds of the University System are invested in the SITIF.

The Investment Policy Statement was amended to allow external investment managers to invest a portion of the fund. The new policy was approved at the March 2012 Board meeting and the new changes were strategically phased-in beginning in May 2012, with full implementation finalized during FY 2013.

Set forth below is the asset allocation of the SITIF as of August 31, 2013. Currently, Angelo State does not participate in the SITIF.

The Long-Term Investment Fund. The LTIF is a unitized pooled investment fund created by the Board for the collective investment of certain eligible endowment funds (and certain institutional funds treated as endowments) of the University System. To qualify for investment in the LTIF, endowment funds must be under the sole control of the Board and must not have donor imposed restrictions that prevent investment in equity securities or corporate debt, or prevent the expenditure of net realized appreciation. Endowment funds not meeting these requirements are invested in the SITIF or, if instructed by the donor, managed and safeguarded in their original form. The LTIF is managed by unaffiliated investment managers selected by the Board upon the recommendation of the Investment Advisory Committee.

Set forth below is the asset allocation of the Long Term Investment Fund (LTIF) managed by the Board and Assets held outside of the LTIF for the ASU and Carr Foundation Investments as of August 31, 2013.
